PR⊙ Go-Kit

All-In-One Solutions

Are you a:
Contractor?
Technician?
First Responder?

We made a Go-Kit just for you!

PRO Go-Kit®
All-In-One Solutions

Everything you need ... in a Go-Kit!

At PRO, we've taken our experience from working in the field and transformed it into a comprehensive solution for all your fiber optic gear. Many industries, many tools to track, many problems… One solution - Go-Kit.®

Whether you are an installer, technician or emergency responder, there's nothing more convenient than having all your equipment ready to go when a job springs up - we know this from experience. With the PRO Go-Kit you will have everything you need to clean, test, inspect and connect fiber communications conveniently stored so you can "grab and go".

Every Go-Kit is purpose-built. We have assembled the kits to accommodate a wide variety of situations that technicians are likely to encounter on the job. When it comes to saving time and doing the job right, there's only one answer, Work with a PRO!

Servicing a variety of fiber optic industries…

DATA CENTER • FTTx / OSP • EMERGENCY RESPONSE • CONTRACTOR • ANTENNA SYSTEMS

There's a Go-Kit® to suit every task and every budget!

If you like what you see here, check out all the individual Go-Kit configurations at our website.
Visit **precisionratedoptics.com/product-category/kits/** and request a quote!

PR⊙Go-Kit®
All-In-One Solutions

Go-Kit Backpacks

This is no ordinary backpack. Go-Kit Backpacks are the ultimate solution for fiber technicians everywhere. Go-Kit Backpacks come in industry-configured designs and can include a fusion splicer, OTDR, PM/LS, VFL, cleaning supplies and tools all in one convenient, rugged and field-tested backpack. Can't find what you need? Ask us about customizing your own Go-Kit Backpack at no additional cost!

Go-Kit Optical Loss Test Kits

Whether you are a fiber technician or contractor, Optical Loss Go-Kits contain all the tools necessary to quickly measure loss, power levels, inspect and clean connector end-faces. Features including both SM, MM testing capabilities, test cables and SC, ST, FC and universal adapters in a semi-rigid carrying case make PRO the best fiber test kit on the market.

Go-Kit Tool Kits

Precision Rated Optics has configured a variety of Go-Kit tool kits based on different field operations. Whether you simply need hand tools for your inventory or field termination tools, PRO has you covered. No where else in the industry will you find one product line that has everything you need - PRO Go-Kits.

Go-Kit Cleaning Kits

Certain cleaning supplies are needed on *any* fiber job. We've chosen the most commonly-used items and configured several Go-Kit Cleaning Kits. Get just the basics or upgrade for more! Inspect, Clean, Evaluate ... Test (ICE-T). Always inspect your endface to determine its quality to choose the preferred cleaning method.

PRO Go-Kit ®
Backpacks

Everything you need ... in a Go-Kit®

Everything you need, in a Go-Kit! PRO offers a variety of Go-Kit styles including, Go-Kit Backpacks, Go-Kit Optical Loss Test Kits, Go-Kit Cleaning Kits, and Go-Kit Tool Kits. If we don't have exactly what you need, contact us at **sales@precisionratedoptics.com** for your custom Go-Kit. Many industries, many tools to track, many problems ... One solution - Go-Kit!

Our Go-Kit Backpack is no ordinary backpack. PRO Go-Kit Backpacks are water resistant, lightweight and practical, and can safely store and transport all of your test equipment, hand tools and cleaning supplies. There's even a special soft-shelled compartment to accommodate up to a 17" laptop! Each Go-Kit has been configured to contain the necessary equipment based on which industry you are in.

If you don't see what you need, give us a call and let the experts at PRO design a custom Go-Kit that best fits your exact needs.

Technician Go-Kit®

The Technician Go-Kit is the perfect solution for technicians that install, test, troubleshoot and restore fiber networks. Performing an OTDR test on a live fiber can damage active equipment. This kit contains a fiber identifier that will allow you to know if the fiber is live before you perform any tests. The power meter, light source and VFL are essential for basic continuity and power level checks. Also, included in select configurations is an inspection scope to ensure end face connectors are clean and not damaged. For new installations the OTDR will graph any potential issues along that fiber span. Depending on configuration, a core-alignment fusion splicer or ribbon fusion splicer is included to allow new fiber connections or to repair fiber breaks.

GOK-CON-K1 (CORE ALIGNMENT/SM OTDR)

OFS-960S	Core Alignment Fusion Splicer (Not SOC Compatible)
OFT-1000	Smart OTDR (1310/1550nm, 24dB/22dB)
LS-500D	Singlemode Light Source (1310/1550nm)
PM-200B	Optical Power Meter w/built-in VFL (50dBm ~ + 26dBm)
OFI-30	Optical Fiber Identifier (-50~+0dBm)
VFL-5	PRO Mini Visual Fault Locator 1mw
PS-S-1KM-CUCU-1	Launch Box SM9 1KM SC/UPC-SC/UPC
GOK-ACC-OSP	Go-Kit Outside Plant Accessories
GOK-ERBKPKLTOP	Go-Kit Roller Backpack

GOK-CON-K1
Technician Go-Kit 1

GOK-CON-K2 (CORE ALIGNMENT/QUAD OTDR/PM DATA STORAGE)

OFS-935C	Core Alignment Fusion Splicer (SOC Compatible)
OFT-2000	Quad OTDR (850/1300/1310/1550nm, 20/26/30/32dB)
LS-201Q	Quad Light Source (850/1300/1310/1550nm)
PM-204B	Optical Power Meter w/data storage (50dBm ~ + 26dBm)
OFI-30	OFI-30 Fiber Identifier -50~+0dBm
VFL-5	PRO Mini Visual Fault Locator 1mw
VIP-45-K1	Video Inspection Probe Kit 1
PS-S-1KM-CUCU-1	Launch Box SM9 1KM SC/UPC-SC/UPC
PS-M-300-CUCU-1	Launch Box M62 300M SC/UPC-SC/UPC
GOK-ACC-OSP	Go-Kit Outside Plant Accessories
GOK-ERBKPKLTOP	Go-Kit Roller Backpack

GOK-CON-K1
Technician Go-Kit 2

GOK-CON-K3 (RIBBON SPLICER/QUAD OTDR)

OFS-936R	Ribbon Fusion Splicer
OFT-2000	Quad OTDR (850/1300/1310/1550nm, 20/26/30/32dB)
LS-201Q	Quad Light Source (850/1300/1310/1550nm)
PM-204B	Optical Power Meter w/data storage (50dBm ~ + 26dBm)
OFI-30	OFI-30 Fiber Identifier -50~+0dBm
VFL-5	PRO Mini Visual Fault Locator 1mw
VIP-45-K1	Video Inspection Probe Kit 1
PS-S-1KM-CUCU-1	Launch Box SM9 1KM SC/UPC-SC/UPC
PS-M-300-CUCU-1	Launch Box M62 300M SC/UPC-SC/UPC
GOK-ACC-OSP	Go-Kit Outside Plant Accessories
GOK-ERBKPKLTOP	Go-Kit Roller Backpack

GOK-CON-K3
Technician Go-Kit 3

Backpacks

Emergency Response Go-Kit®

When networks are down it costs companies tens of thousands of dollars. Getting networks back online as quickly as possible requires a highly trained technician with the proper equipment and tools. The Emergency Response Go-Kit is designed to include everything a technician needs to quickly identify the problem area (OTDR, Power Meter/Light source, VFL and Optical Fiber Identifier) and then repair the break and get connections restored as quickly as possible. Included in the Emergency Restoration Go-Kit is a variety of supplies to support field terminations and connectorization.

GOK-ERK-K1

OFS-935C	Core Alignment Fusion Splicer (SOC Compatible)
OFT-2000	Quad OTDR (850/1300/1310/1550nm, 20/26/30/32dB)
LS-201Q	Quad Light Source (850/1300/1310/1550nm)
PM-204B	Optical Power Meter w/data storage (50dBm ~ + 26dBm)
OFI-30	OFI-30 Fiber Identifier -50~+0dBm
VFL-5	PRO Mini Visual Fault Locator 1mw
VIP-35-DATA	3.5" VIP kit w/ Data Storage
PS-S-1KM-CUCU-1	Launch Box SM9 1KM SC/UPC-SC/UPC
PS-M-300-CUCU-1	Launch Box M62 300M SC/UPC-SC/UPC
GOK-ACC-STD	Go-Kit Standard Accessories
GOK-ERBKPKLTOP	Go-Kit Roller Backpack

GOK-ERK-K1
Emergency Response Go-Kit

Fiber-to-the-Home Go-Kit®

Both economical and fully-featured, this Go-Kit includes all of the standard basic FTTX installation equipment: an Optical Fiber Identifier to check for live fiber before splicing into the network with the supplied Core Alignment fusion splicer, and an Optical Power Meter and VFL to verify signal continuity and power upon completing installation.

GOK-FTTx-K1

|	
OFS-960S	Core Alignment Fusion Splicer (Not SOC Compatible)
PM-200B	Optical Power Meter w/built-in VFL (50dBm ~ + 26dBm)
OFI-30	Optical Fiber Identifier (-50~+0dBm)
VFL-5	PRO Mini Visual Fault Locator 1mw
GOK-ACC-STD	Go-Kit Standard Accessories
GOK-ERBKPKLTOP	Go-Kit Roller Backpack

GOK-FTTx-K1
Fiber-to-the-Home Go-Kit

Accessory Kits

GOK-ACC-OSP
Outside Plant Accessories Go-Kit

KIT INCLUDES:

PRO-BAG-LARGE	12" x 10" x 11" Black Canvas Bag Large
PC-S-ACUCU01F	SC/UPC-SC/UPC PatchCord Simplex Single Mode 9/125 3mm OD 1 Meter

PRO Go-Kit ®

Optical Loss Test Kits

Everything you need to
CLEAN, INSPECT & TEST!

Precision Rated Optics has developed Optical Loss Go-Kits designed for specific markets within the communications industry. With new advanced capabilities that make testing simple, PRO Optical Loss Go-Kits are the best "go-to" kits for anyone involved in first-line optical fiber cabling installation and verification.

Whether you are a fiber technician or contractor, our expertly configured kits contain all the tools necessary to quickly measure loss, power levels, inspect and clean connector end-faces. Features including both SM and MM testing capabilities along with Test Cables and SC, ST, FC and universal adapters in a semi-rigid carrying case make PRO the best fiber test kit on the market.

FEATURES:

- Semi-Rigid Carrying Case
- Power Meter (Six Wavelength)
- Light Source
- 400x Fiber Inspection Scope
- Cleaning Supplies

GOK-OLS-K1
Optical Loss Test Go-Kit 1 (SM)

KIT INCLUDES:

LS-102D	Light Source (1310/1550nm) fixed
PM-102B	Power Meter (-40~+23)
VFL-5	PRO Mini Visual Fault Locator 1mW
HM-C400S	Fiber Optic Inspection Scope (400x)
PC-S-ACUCU01F	SM9 3mm Simplex SM UPC Patchcord 1M
PC-S-CLUCU01F	2mm Simplex SM UPC Patchcord 1M
CA-S-SC-S6SPZ	Mating Sleeve SC/UPC SM Simplex
CA-S-LC-S6DPZ	Mating Sleeve LC/UPC SM Duplex
PRO-LFW-100	PRO-LFW-100 Lint-free Wipe (100ct.)
PRO-CC-AQ	PRO-CC-AQ Connector Cleaner Water Base
SRC-1-GOK-LOGO	Semi-rigid case 100 Series

GOK-OLS-K2
Optical Loss Test Go-Kit 2 (SM w/Data Log)

KIT INCLUDES:

LS-102D	Light Source (1310/1550nm) fixed
PM-204B	Power Meter (-50~+26 w/Data Storage)
VFL-5	PRO Mini Visual Fault Locator 1mW
HM-C400S	Fiber Optic Inspection Scope (400x)
PC-S-ACUCU01F	SM9 3mm Simplex SM UPC Patchcord 1M
PC-S-CLUCU01F	2mm Simplex SM UPC Patchcord 1M
CA-S-SC-S6SPZ	Mating Sleeve SC/UPC SM Simplex
CA-S-LC-S6DPZ	Mating Sleeve LC/UPC SM Duplex
PRO-LFW-100	PRO-LFW-100 Lint-free Wipe (100ct.)
PRO-CC-AQ	PRO-CC-AQ Connector Cleaner Water Base
SRC-2-GOK-LOGO	Semi-rigid case 200 Series

GOK-OLS-K3
Optical Loss Test Go-Kit 3 (SM&MM)

KIT INCLUDES:

LS-201Q	Light Source (850/1300/1310/1550nm)
PM-102B	Power Meter (-40~+23)
VFL-5	PRO Mini Visual Fault Locator 1mW
HM-C400S	Fiber Optic Inspection Scope (400x)
PC-S-ACUCU01F	SM9 3mm Simplex SM UPC Patchcord 1M
PC-S-CLUCU01F	2mm Simplex SM UPC Patchcord 1M
CA-S-SC-S6SPZ	Mating Sleeve SC/UPC SM Simplex
CA-S-LC-S6DPZ	Mating Sleeve LC/UPC SM Duplex
PC-M-ACUCU01F	SC/UPC-SC/UPC PC Simplex M62 3mm 1M
PC-M-CLUCU01F	LC/UPC-SC/UPC PC Simplex MM62 2mm 1M
CA-S-SC-M6SPB	Mating Sleeve SC/UPC MM Simplex (PB)
CA-S-LC-M6DPB	Mating Sleeve LC/UPC MM Duplex (PB)
PRO-LFW-100	PRO-LFW-100 Lint-free Wipe (100ct.)
PRO-CC-AQ	PRO-CC-AQ Connector Cleaner Water Base
SRC-2-GOK-LOGO	Semi-rigid case 200 Series

GOK-OLS-K4
Optical Loss Test Go-Kit 4 (SM&MM w/Data Log)

KIT INCLUDES:

LS-201Q	Light Source (1310/1550nm) fixed
PM-204B	Power Meter (-40~+23)
VFL-5	PRO Mini Visual Fault Locator 1mW
HM-C400S	Fiber Optic Inspection Scope (400x)
PC-S-ACUCU01F	SM9 3mm Simplex SM UPC Patchcord 1M
PC-S-CLUCU01F	2mm Simplex SM UPC Patchcord 1M
CA-S-SC-S6SPZ	Mating Sleeve SC/UPC SM Simplex
CA-S-LC-S6DPZ	Mating Sleeve LC/UPC SM Duplex
PC-M-ACUCU01F	SC/UPC-SC/UPC PC Simplex M62 3mm 1M
PC-M-CLUCU01F	LC/UPC-SC/UPC PC Simplex MM62 2mm 1M
CA-S-SC-M6SPB	Mating Sleeve SC/UPC MM Simplex (PB)
CA-S-LC-M6DPB	Mating Sleeve LC/UPC MM Duplex (PB)
PRO-LFW-100	PRO-LFW-100 Lint-free Wipe (100ct.)
PRO-CC-AQ	PRO-CC-AQ Connector Cleaner Water Base
SRC-2-GOK-LOGO	Semi-rigid case 200 Series
